**Amalgamation of two retail units
and associated fit-out**

Added value

Located within a covered shopping complex, Vision Express took to amalgamate two vacant units into one. This required works to remove sub-dividing elements, the infill of redundant stair wells, the reinstatement of compartmentation and fire safety systems, and a new shopfront

Through discussion, it was ensured that the centre specific fire safety strategy was complied with including the provision of sprinkler protection, and the safeguarding of shared escape routes.
